A Film Festival with a difference

On the evening of **28th February, 2020** in a simple but significant event will unfold at **Basusree Cinema**. **Cine Central, Calcutta** - largest film society in India will again present yet another edition of its landmark programme 33rd edition of **International Forum of New Cinema**. For seven full days the viewers will get a glimpses of the recent trends of world cinema.

Our International Film Festival has a long and remarkable past. Way back in 1986, Cine Central, Calcutta organised in a small way an independent International Film Festival. With each passing year, the festival became bigger and better. In 1998 this festival was re-structured and renamed as "International Forum of New Cinema".

International Forum of New Cinema is not a parallel festival but a step to bring world cinema closer to our door. Many times a question asked is there any necessity of holding another film festival. Our answerer is emphatic YES. This film festival is a symbol of the strength of film society movement in our country. As long there will be films there will be need of film society to make discerning viewers who can understand the inner most message of cinema.

Like in the past this year also we will be presenting films from lesser known countries. Our programme will reflect the work of young generation of film makers of Europe. This year we are presenting a bunch of young film makers of Germany, France, Portugal, Sweden etc. Who have made very innovative films with powerful message. The language of cinema is rapidly changing and we have tried to present this changes. The films from Tunisia will acquaint our audience with the cinema of African continent. Cinema of Kazakstan and Serbia will also be worth mentioning. This year we have the privilege to showcase two contemporary Japanese Cinema which the viewers will surely enjoy.

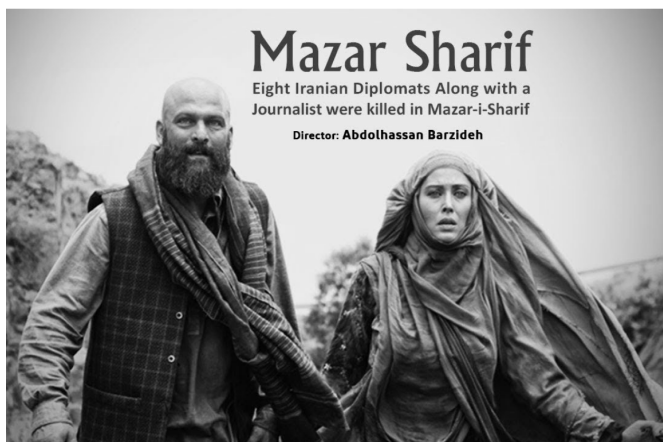

Our festival is very different because it focuses on the creativity of film makers. Our festival is different because it highlights the world cinema. We do not have glittering glamorous gala event but we have pure love for cinema.
